

Material Safety Data Sheet

Prang Brush Pen

- "Since 1795"	
----------------	--

1. Chemical product and Company Identification					
Company Identification	Dixon Ticonderoga Company	Date prepared:	May 7, 2003		
	195 International Parkway	Last revised:	November 13, 2002		
	Heathrow, FL 32746-5036				
	Telephone: 800-824-9430	Emergency call:	800-824-9430		
Product Name	Prang Brush Pen				
Product Code(s)	18008				
2. Composition/Information On Ingredients					
Component	CAS Reg. No	Percent Weight			

Products bearing the CP Certified Products or AP Approved Products seals of the Art and Creative Materials Institute's, Inc. are certified in a program of toxicological evaluation by a medical expert, subject to review by the Institute's Toxicological Advisory Board, to contain no materials in sufficient quantities to be toxic or injurious to humans or cause acute or chronic health problems. **Conforms to ASTM D-4236**

This product is not considered to be a hazardous substance as defined under OSHA's Hazard Communication Standard (29 CFR 1910.1200)

3. Hazards Identification Emergency Overview Not an acute hazard- conforms to ASTM D-4236 CAUTION! Packaging may be subject to ignition by fire and may release toxic or other irritating gases 4. First Aid Measures Eye Contact Flush eyes large amounts of water for at least fifteen minutes. Contact physician Skin Contact Wash skin with soap and water. Seek medical attention in the unlikely event that irritation occurs Ingestion Unlikely to be toxic by ingestion, but seek medical attention Inhalation If symptomatic, move to fresh air and seek medical attention 5. Fire Fighting Media Carbon dioxide, dry chemical or foam recommended. Apply water to cool exposed closed containers Special Fire Fighting Procedures Self contained breathing apparatus (SCBA) and full protective equipment recommended Unusual Fire and Explosion Hazards Packaging may be subject to ignition by fire and may release toxic gases Flammability Data Flammability 1 Flammability limits No data Health 1 Auto-ignition temperature No data Flammability 1 Dust cloud ignition temperature No data Flammability 0 Protective Equipment A 0 0				
CAUTION! Packaging may be subject to ignition by fire and may release toxic or other irritating gases 4. First Aid Measures Eye Contact Flush eyes large amounts of water for at least fifteen minutes. Contact physician Skin Contact Wash skin with soap and water. Seek medical attention in the unlikely event that irritation occurs Ingestion Unlikely to be toxic by ingestion, but seek medical attention Infecting Measures Extinguishing Media Carbon dioxide, dry chemical or foam recommended. Apply water to cool exposed closed containers Special Fire Fighting Procedures Self contained breathing apparatus (SCBA) and full protective equipment recommended Unusual Fire and Explosion Hazards Packaging may be subject to ignition by fire and may release toxic gases Flammability Data Flammability limits No data Health 1 Just cloud ignition temperature No data Flammability Just cloud ignition temperature <td col<="" th=""></td>

6. Accidental Release Measures				
Small spillSweep or wipe up material. Place spilled material into appropriate waste containers for disposal				
Large spill Sweep or wipe up material. Place spilled material into appropriate waste containers for disposal				
7. Handling and Storage				
HandlingContents will stain. The use of smocks and gloves to protect personal clothing is suggested. Wash hands and surface after use.				
Storing Do not store near heat or open flame

8. Exposure Controls/Personal Protection					
Engineering Controls	The use of local venti	local ventilation is recommended			
Personal protection	No special skin protection is reco	ction required. Wash skin if irritation is experienced.			
9. Physical and Chem	nical Properties				
Physical State	Solid				
Appearance	Ink filled plastic barreled fiber tip marker				
Color Odor	Various colors				
pH	No data	Slight solvent			
Specific gravity	No data				
Boiling point	No data				
Freezing/melting point	No data				
Evaporation rate	No data				
Solubility	No data				
Vapor Density	No data				
10. Stability and Rea	ctivity				
General	This product is stable	and hazardous polymerization will not occur			
Incompatibility	None known				
Hazardous decomposition	n As with all burning of	rganic matter, carbon monoxide and other toxic fumes	may be released		
11. Toxicological Inf	formation				
Acute/Chronic Toxicity Carcinogenicity Mutagenicity	Products bearing the CP Certified Products or AP Approved products seals of the Art and Creative Material's Institute are certified in a program of toxicological evaluation by a medical expert, subject to review by the Institute's Toxicological Advisory Board to contain no materials in sufficient quantities to be toxic or injurious to humans or cause acute or chronic health problems. Conforms to ASTM D-4236				
12. Ecological Inform	nation				
This product has not been	evaluated for overall en	nvironmental effects			
13. Disposal Conside	rations				
Contain and place in approved container. Dispose of per Local, State, and Federal regulations					
14. Transportation In	nformation				
DOT Classification TDG Classsification ADR/RID Classification	Not regulated (US) Not regulated (Canad Not regulated (Europ		-		
15. Regulatory Information					
OSHA Hazard Commun Toxic Substances Contro		This product is not considered to be a hazardous sub Federal Hazard Communication Standard 29 CFR 19 All ingredients of this material has been reported to	910.1200		
16 Other Informatio		included in the TSCA inventory			

16. Other Information
